

TreesUpstate | Workforce Development Seasonal Tree Care & Maintenance Apprenticeship

Job Description: Please read the job description below before completing your application.

The Tree Care & Maintenance Apprenticeship program was created as part of a growing national environmental justice movement for racial and economic equality. We're improving the lives of residents in low-to-moderate income areas through tree planting, arboriculture, landscape management, and sustainable careers for young adults (18-30 year-olds) who want to make a noticeable difference in the communities in which they live, work, and play.

We are currently looking to identify motivated, hard-working individuals to join our tree installation and tree care crew. No landscape experience necessary—training provided. Successful candidates will have a strong willingness to learn new professional skills while working outdoors, as well as an interest in creating positive environmental changes in the Upstate. Apprentices can expect to receive paid on-the-job training in addition to a wide range of educational, professional development opportunities and practical life skills.

Employment Status: Seasonal, Full-Time, Non-Exempt

Work Location: 660 Mauldin Rd, Greenville, SC 29607
